EAS 2 - A union of Love and Voluntary Ownership

the sounds of footsteps and a shut door are heard

Kitten I'm home!

Your ears *immediately* ring with the sound of your owners voice as you rush to their arms without a second thought...because being in their loving and caring hands is more homey than any bed could be...

Dawww such a cute little kitty! Did you miss your owner that much? Yes you did you little pussycat!

But, it's okay, your owner is home after another day of longing to see her only most prized possession...her little helpless kitten.

your owner walks down the hall with you

you lie down on the bed and signal your pet to come lay on your thigh

Good boy *give head scratches*

Suddenly you have the urge to cum and start mindlessly thrusting hoping your owner doesn't notice your pitiful attempt to cum

Awwwww is my special toy in heat?

Shhhhhhh it's okay
Let me see...it don't be scared
Here let me get you something
Close your eyes

Doing as she says you close your eyes and feel a soft cloth wrap around your eyes

Now sit against your owners lap sweetheart...

You do as your owner says without question quivering as you joystick is on her thigh aching to do anything

She lifts up her thigh slightly and it's enough to make your body jump

Awww are you in heat? It's okay
Let it all out
Remember kitten
Your my special pet!

Without a second thought she lies down
Firmly grasping your weak wrists and you grind against her thighs without a second thought

You go go and go with the pressure building up to your head panting, moaning, crying and wanting your body to release

After 5 minutes your owner says the magic words: *come on toy...it's time to cum for me*

The first words give you the needed boost as you shooting your brains out with cum stops her mid sentence

You start crying and orgasming uncontrollably just from that single shot which was all you needed to let everything go.

She cleans you up and sends you to sleep with the soothing words of *good kitten*
Such a good kitten
